

Queen of Butterflies

© 2012, 2015 John J. Freeman (BMI)

She used to be a long lost little lonely caterpillar
Cruising down the boulevard every night
She turned into a big beautiful psychopathic killer
Now she calls herself, she calls herself
She calls herself the Queen of Butterflies

And now she can fly, yeah now she can fly
She'll go as high as she wants

She used to be a long lost little lonely caterpillar
Cruising down the boulevard every night
She turned into a big beautiful psychopathic killer
Now she calls herself, she calls herself
She calls herself the Queen of Butterflies

And now she can fly, yeah now she can fly
She'll go as high as she wants
And now she can fly, yeah now she can fly
She'll go as high as she wants

She'll go as high, as high as she wants
She'll go as high, as high as she wants
She'll go as high, as high as she wants
She'll go as high, as high as she wants

As high as she wants, as high as she wants
As high as she wants
